EXPERIENCE

Science and Technology Ventures - Columbia University (New York – October 2008 to present)

Contracts Intern

- Review and negotiate confidentiality disclosure agreements (CDAs) and material transfer agreements (MTAs) with pharmaceutical and biotechnology companies, as well as with government and other academic/non-profit institutions.
- Have negotiated over 120 CDAs and MTAs, and typically maintain a caseload of 10-12 concurrent agreements.
- Process both incoming and outgoing agreements, maintain and update TechTracs database, and communicate with both Columbia Principal Investigators and external parties' technology transfer offices.
- Consult with Licensing Officers to ensure agreement terms are consistent with strategy for managing specific technology portfolio.

Peer to Patent Program – New York Law School (New York – October 2008 to January 2009)

Volunteer Patent Researcher/Administrator – <http://www.communitypatent.org>

- Facilitated the submission of prior art references from general community for pending patents.
- Performed outreach including contacting past inventors and leaders in the field, researching known patents and pending applications, and maintaining discourse on the program's website.

Rosebud Solutions (Ann Arbor, MI – September 2007 to June 2008)

Software Developer

- Developed and maintained 5 unique software suites for tracking medical equipment, tissue samples, and crash carts in hospitals.
- Worked with a wide range of programming suites, including Delphi, C#, and SQL.

MSU Office of Intellectual Property (East Lansing, MI – October 2005 to May 2007)

Legal Intern

- Reviewed license agreements, Material Transfer Agreements, and other documents.
- Assisted in the school's compliance with Bayh-Dole Act.

Berkman Center for Internet and Society at Harvard Law School (Cambridge, MA – June 2006 to August 2006)

Legal Intern with Clinical Program

- Worked with non-profit, small clients, and watchdog groups such as the EFF on pressing

legal issues, including Internet privacy under the Communications Decency Act and EFF's Patent-Busting initiative.

- Drafted letters and memoranda for clients, and also drafted online privacy policy for Physicians for Human Rights.

Constant Contact (Waltham, MA – June 2005 to August 2005)

Legal Intern/Customer Support Representative

- Studied U.S. CAN SPAM Act and Utah/Michigan Children Protection Act and effects on company/clients.
- Reviewed reseller agreements and contracts with third party suppliers.
- Provided technical support about company's product for customers over the phone, by e-mail, and instant messenger.
